CONTENTS OF VOLUME XXVII

BARMACK, J. E. **The Time of Administration and Some Effects of 2 Grs. of Alkaloid Caffeine** 690

BARTLEY, S. H. **The Relation Between Cortical Response to Visual Stimulation and Changes in the Alpha Rhythm** 624

BECKER, R. F. AND GLICK, H. N. **An Adaption of the Smedley Hand Dynamometer for Use in Measuring Voluntary Fatigue** 453

BERDIE, R. F. **Effect of Benzedrine Sulphate on Blocking in Color Naming** 325

BOBBITT, R. A. **A New Apparatus for the Luria Experiment** 578

BROGDEN, W. J. **Conditioned Flexion Responses in Dogs Re-Established and Maintained with Change of Locus in the Application of the Unconditioned Stimulus** 583

BUEGEL, H. F. **The Effects of Introducing Ideational Elements in Perceptual-Motor Learning** 111

BURNHAM, R. W. **A Hemi-Perisphere for Visual Measurements** 333

CARLSON, H. B. **A Simple Inexpensive and Portable Apparatus for Demonstrating the 'Phantom' Sound** 337

COLLIER, R. M. **The Effect of Instructions and Type of Task Upon Antitropic Bilateral Movement** 172

COURTS, F. A. **The Influence of Muscular Tension on the Eyelid Reflex** 678

EHRENSTEIN, W. **The Region of the Vision-Field Within Which Arbitrary Reversion of Ambibalent Figure-Ground Patterns Is Possible** 699

ELSBERG, C. A., SPOTNITZ, H. AND STRONGIN, E. I. **The Effect of Stimulation by Odorous Substances Upon the Amount of Secretion of the Parotid Glands** 58

FOWLER, O. D. **Neurophysiological and Psychological Changes Induced by Certain Drugs: I. Responses to Electrical Stimulation** 657

FREEMAN, G. L. AND KENDALL, W. E. **The Effect Upon Reaction Time of Muscular Tension Induced at Various Preparatory Intervals** 136

FREEMAN, G. L. **Cortical Autonomous Rhythms and the Excitation Levels of Other Bodily Tissues** 160

GILLILAND, A. R. **Some Factors in Estimating Short Time Intervals** 243

GOULD, R. AND LEWIS, H. B. **An Experimental Investigation of Changes in the Meaning of Level of Aspiration** 422

GRAHAM, C. H. AND BARTLETT, N. R. **The Relation of Size of Stimulus and Intensity in the Human Eye: III. The Influence of Area on Foveal Intensity Discrimination** 149

GRAY, S. **The Influence of Methodology Upon the Measurement of Reminiscence** 37

GURNEE, H., WITZEMAN, B. E. AND HELLER, M. **Comparative Retention of Open and Closed Visual Forms** 66

HACKMAN, R. B. **An Experimental Study of Variability in Ocular Latency** 546

HADLEY, J. M. **Some Relationships Between Electrical Signs of Central and Peripheral Activity: I. During Rest** 640

HERMANS, T. G. **The Perception of Size in Binocular, Monocular and Pin-Hole Vision** 203
HERRNFELD, F. P. AND SJAARDEMA, H. **An Improved Amplifier for Electro-Encephalography** 208
HERTZMAN, M. AND FESTINGER, L. **Shifts in Explicit Goals in a Level of Aspiration Experiment** 439
HIBLER, F. W. **An Experimental Investigation of Negative After-Images of Hallucinated Colors in Hypnosis** 45
HILGARD, E. R., SAIT, E. M. AND MAGARET, G. A. **Level of Aspiration as Affected by Relative Standing in an Experimental Social Group** 411
HOLWAY, A. H., STATON, R. C. AND ZIGLER, M. J. **The Neurophysiology of Hearing: I. The Magnitude of Threshold-Stimuli During Recovery from Stimulation-Deafness** 669
HOVLAND, C. I. **Experimental Studies in Rote-Learning Theory: VII. Distribution of Practice with Varying Lengths of List** 271
HULL, C. L. **Explorations in the Patterning of Stimuli Conditioned to the G. S. R.** 95
HUMPHREYS, L. G. **Extinction of Conditioned Psychogalvanic Responses Following Conditions of Reinforcement** 71
HUMPHREYS, L. G., MILLER, J. AND ELLSON, D. G. **The Effect of the Inter-Trial Interval on the Acquisition, Extinction, and Recovery of Verbal Expectations** 195
HURVICH, L. M. **The Range of Apprehension and Sensory Discrimination** 313
JACKSON, T. A. AND ECKHARDT, M. E. **Studies in the Transposition of Learning by Children: V. The Number of Stimuli in the Training Series as a Factor in Generalization** 303
JENKINS, W. L. **Studies in Thermal Sensitivity: 14. Part-Whole Relations in Seriatim Warm-Mapping** 76
KELLER, F. S. **The Effect of Sequence of Continuous and Periodic Reinforcement Upon the 'Reflex Reserve'** 559
KORCHIN, B. AND WINSOR, A. L. **Glandular Dominance in Humans** 184
KORCHIN, B. AND WINSOR, A. L. **The Relationship of Certain Organic Factors to Individual Differences in Human Parotid Secretory Rate** 192
LEWIS, D., COWAN, M. AND FAIRBANKS, G. **Pitch and Frequency Modulation** 23
LEWIS, D. AND LARSON, M. J. **The Measurement of Masked Auditory Thresholds** 601
LUCKIESH, M. AND MOSS, F. K. **Criteria of Readability** 256
LYNN, J. G. **An Apparatus and Method for Stimulating, Recording and Measuring Facial Expression** 81
MACLEOD, R. B. **Brightness-Constancy in Unrecognized Shadows** 1
MAIER, N. R. F. **Studies of Abnormal Behavior in the Rat: IV. Abortive Behavior and Its Relation to the Neurotic Attack** 369
MOWRER, O. H. **Anxiety-Reduction and Learning** 497
PATERSON, D. G. AND TINKER, M. A. **Influence of Line Width on Eye Movements** 572
PAYNE, B. AND DAVIS, R. C. **The Role of Muscular Tension in the Comparison of Lifted Weights** 227
PHILIP, B. R. **Intra-Serial Effects in the Discrimination of Color Mass by the Ranking Method** 125
PHILIP, B. R. **Time Errors in the Discrimination of Color Mass by the Ranking Method** 285

PILLSBURY, W. B. AND SYLVESTER, A. **Retroactive and Proactive Inhibition in Immediate Memory** 532
RIGG, M. G. **Speed as a Determiner of Musical Mood** 566
ROBINSON, E. E. **An Experimental Investigation of Two Factors Which Produce Stereotyped Behavior in Problem Situations** 394
SMITH, K. U. **An Improved Stabilimeter Method for Recording Activity in Laboratory Animals** 89
TIFFIN, J. AND WESTHAFER, F. L. **The Relation Between Reaction Time and Temporal Location of the Stimulus on the Tremor Cycle** 318
WALLACH, H. **The Role of Head Movements and Vestibular and Visual Cues in Sound Localization** 339
WEDELL, C. H., TAYLOR, F. V. AND SKOLNICK, A. **An Attempt to Condition the Pupillary Response** 517
WEVER, E. G., BRAY, C. W. AND LAWRENCE, M. **The Origin of Combination Tones** 217
WEVER, E. G., BRAY, C. W. AND LAWRENCE, M. **A Quantitative Study of Combination Tones** 469
